"Planning.
Little or no consideration of the conservation aspects of this lovely town. The
'Thriviing West Suffolk Magazine' contains no reference to Conservation that
I can find."

Question 2 has 48 answers (Checkboxes)

"Q2. There are two key strands to the CAA's activities: a) Encouraging Community Spirit and holding Socials: Welcoming new residents to the grid, organising Social events, publishing the CAA newsletters etc. b) Consulting with authorities on local issues and supporting our members on issues when needed. This relates to things where we seek to influence responsible authorities, such as Parking, Planning, Traffic, Licensing & Crime etc. Please let us know what you think our priorities should be. Tick as many as you wish."

"Q5. Communication We currently publish a newsletter 3x a year (March, September, December) and distribute to all residents within the grid. In between publications we email our subscribed members with any news that is of interest and/or important. Do you have any suggestions on how communications could be improved?"

Happy with the current arrangement
